Adventures in Writing Camp

Notification of Head Injury

To the parents of _____

Today during camp your child sustained a head injury. The following First-Aid was administered:

_____

_____

Please observe your child and seek medical help if needed. Below is a list of suggested warning signs to seek medical help; however you should use your own best judgment for the health of your child.

Get medical help right away if your child experiences the following:

- Becomes very sleepy
- Behaves abnormally
- Develops a severe headache or stiff neck
- Has pupils (the dark central part of the eye) of unequal sizes
- Is unable to move an arm or leg
- Loses consciousness, even briefly
- Vomits more than once
